## Why say Kaddish?

Kaddish represents a unique opportunity to connect with the soul of your loved one.

Our Sages have taught that the recitation of Kaddish for the soul of a departed loved one grants atonement for that Neshama (soul) in heaven.

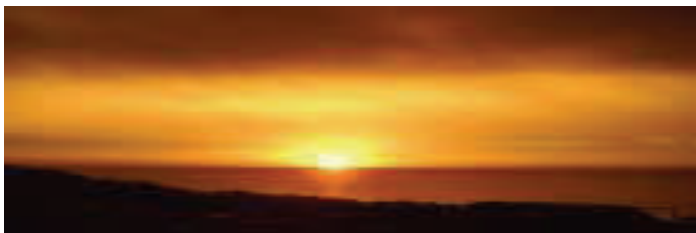

Rabbi Akiva once had a dream .....

In it, the soul of a departed person appeared and said,

*"When my son recited Kaddish for me, my Neshama was elevated, and the Heavenly Court immediately forgave all my transgressions." (Zohar Chadash)*
